April 3, 1964

SALES - Every district is now in the plus column on acres sold.

Last week turned out real good with 695 crops sold and 68,115 net acres.

Jorgensen's district led in crops and net acres sold. Grand Forks led in crop sales for the week followed by Ward County. Ward County led in net acres sold with Bottineau in second place.

If the final days of the sales campaign resulted in a good number of sales and net acres sold the state will show an increase in acres gained even after the acres lost through terminations are deducted.

We appreciate the efforts of all of you.

TERMINATIONS - At this time we do not know how many contracts, crops or net acres have been lost because of unpaid premiums as of March 31, because all payments, etc. have not been recorded. Please do not include any losses for terminations in your weekly sales reports because we intend to determine the figures for all counties from our records and will then add them to your cancellation figures.

WEEKLY SALES REPORTS - Your report for the week ending April 3 should be the final report. However, if you find any errors or if any corrections are needed then submit a corrected report as soon as possible but not later than April 15. This should give you enough time to make any adjustments. Our processing of applications and 812A's is nearly current and if all forms are submitted promptly we hope to be current by April 15.

NODAK CROP INSURANCE NEWS

1964 Edition No. 14

April 10, 1964

SALES - It is a real pleasure to write this issue of the Nodak News. During the last week of our statewide sales campaign you people, agents and fieldmen, wrote a tremendous amount of business.

Last week 1,316 crops and 120,928 net acres were sold. This was an outstanding piece of work and certainly reflects the effort which was made by all concerned.

Only four counties in the State do not show a gain in net acres and it is still possible that most of these will make it after final reports are received.

Emmons County led in crop sales for the week followed by Richland. Emmons County also led in net acres sold with Kidder in second place.

Fieldman Joe Stoltz, working in Hettinger, Adams and Stark Counties last week, reported 28 crop sales covering 10,830 net acres with a premium of \$23,717.10. Joe is certainly to be congratulated for this excellent performance.

H. J. Schonberger

DEC 17 1964

1964 Edition No. 15

CURRENT SERIAL RECORDS

April 17, 1964

SALES - This will be the last edition of the Nodak News on sales until we can determine the crops and acres lost through terminations for debts after which we will issue a final status of sales report.

However, if you find that the last weekly report you sent in needs correcting as to any data shown please submit a weekly report marked "Revised" and we will take it into account in making our reports and in preparing the final report.

It is imperative that all applications, unit agreements, and 812A's be submitted without delay. Please check before transmitting so that suspensions won't be necessary. Suspended cases should be cleared up as fast as possible. We must complete processing all forms without delay so that we can be ready for acreage reports.

The 1964 campaign is over and was a tremendous success. Again we want to congratulate you.

But, crop insurance work never ends, the servicing of 1964 business is our next job.

PROCEDURE MEETING - in Bismarck on April 27 - 28. We will see you there.

ANNUAL REPORT - Your copy of the 1963 report is enclosed.

H. G. Schomberger

1914

1914

The first of the year was a very dry one, and the crops were much affected by the drought. The weather was very hot and the ground was very dry.

The first of the year was a very dry one, and the crops were much affected by the drought.

NEWS

CURRENT SERIAL RECORDS

1964 Edition No. 16

May 11, 1964

SALES - This report shows the crops and net acres sold as taken from the last weekly report that you have submitted. With respect to cancellations and acres lost we have used your figures and added to them the crops and acres lost through terminations for unpaid accounts. Therefore, this will be the final report on the status of the 1964 sales campaign although we do realize that some corrections will still be necessary.

SUCCESSOR-IN-INTEREST CASES - If you find any cases where the insured died before seeding and there is still time for the successor-in-interest to file an application in accordance with procedure, please submit the case without delay so that we can act on it before damage to the crop occurs.

ACREAGE REPORTS - Starting to come in. Please submit reports as fast as possible. Please review the first ones carefully by checking against the procedure to see that all entries have been made correctly.

H. S. Schonberger

Date 10/10/10
To the Hon. Secy. of the Interior
Washington, D.C.

Dear Sir:
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the matter of the

land in the State of California, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.

I am, Sir, very respectfully,
Your obedient servant,
J. M. Smith

Very truly yours,
J. M. Smith
Special Agent in Charge

Enclosed for you are two copies of a report of the Surveyor General of the California Land Office, in relation to the matter of the land in the State of California, and in reply to inform you that the same has been forwarded to the proper authorities for their consideration.
